

GUATEMALAN TROOPS HAVE CROSSED INTO HONDURAS

Belief in Washington that Cabrera Holds Key to the Situation.

HAS LARGE FORCE

All Depends Upon Success of State Department Efforts.

GUATEMALAN ARMY DEFEATED BY REVOLUTIONISTS UNDER GENERAL TOLEDO WHO NOW HAS ARTILLERY—REVOLUTIONARY PROGRAM UNCHANGED—SALVADOR VIRTUALLY DECLARES WAR.

By Associated Press.
Washington, July 13.—A cablegram received at the state department today from Minister Merry at San Salvador states that Guatemalan troops have crossed the line into Honduras this being part of the Guatemalan attack on the fugitives of Regalado's army. The impression here is that President Cabrera holds the key to the situation and that the question of war or peace depends on the success of the efforts the state department is making to induce him to forego attacking either Salvador or Honduras. Cabrera has no less than forty thousand men under arms.

VICTORY WON BY THE INSURGENT FORCES

Mexico City, July 13.—San Salvador, El Salvador, has announced a victory gained by General Toledo, of the insurgent forces at a point north of El Jicarel, where the Guatemalan army was routed with heavy loss. In an interview General Barrillas says there will be change in the program of the revolutionists. General Toledo is at the head of the revolutionists in the field and now has artillery, which he lacked when defeated in June.

ACTION OF SALVADOR DECLARATION OF WAR

New York, July 13.—A cablegram from Guatemala says that fresh hostilities have taken place on the border. The invasion of the country by the Salvadoran troops is considered a declaration of war. War is accepted here by official decree. The country has been placed under martial law and a general call to arms has been issued.

INSPECTION OF MEATS AFTER OCT. 1

All Firms Who Ship Meat of Any Character Out of State Must Notify Secretary Wilson.

The United States meat inspection law becomes operative on October 1, and if any dealers in Pensacola desire to ship meats out of the state after that date without it being inspected they will have to notify Secretary Wilson, of the department of agriculture at once if they wish to secure an exemption from the inspection rules.

The law provides for the inspection of all classes of meats and for the proper tagging of same by proper inspectors before it can be shipped. The railroads will be held responsible if they receive any goods not inspected, and consequently they will see to it that none are taken that do not bear the proper label.

There is a provision that butchers and markets desiring to supply their customers in other states can secure an exemption from this inspection law by applying at once to the secretary. Whether or not the law covers the packing and shipping of fish is not known. It does not specify fish, but all classes of canning, salting, packing, etc., and many think that it applies solely to meat and meat products.

TOWN MAY BE WIPED OUT

By Associated Press.
Cleveland, O., July 13.—A bulletin from Conneaut Lake, Pa., says a great fire is raging there and that the town is in danger of total destruction. Buildings are being dynamited to stop the ravages of the flames.

INVESTIGATION OF ELECTION FRAUDS

At an End in Denver Owing to Order of the Supreme Court.

By Associated Press.
Denver, Col., July 13.—District Judge Mullens today discharged the grand jury summoned to investigate alleged frauds in the vote on corporation franchises at the city election last May. The action was made necessary by a supersedeas granted by Chief Justice Gabbert, of the supreme court yesterday, forbidding Judge Mullens to supersede the sheriff by calling a special grand jury through alleged elisors. This action ends the case for the present.

MAYOR BLISS IS AFTER WATER COMPANY

Should Have an Automatic Hydraulic Valve to Cut Off Supply from Stand Pipe.

Mayor Bliss is after the Pensacola Water Company to compel that company to equip its plant as provided by the charter. Recently his attention was called to the fact that the plant was not properly equipped to cut off the water supply, in case more pressure is needed, from the stand pipe and tank. The company has a shut off valve, but this, it is understood, is near the stand pipe and requires some time to reach. The mayor has addressed the following letter to the Water Company, which is self-explanatory:

"Pensacola, Fla., July 13, 1906.
Gentlemen.—According to Section 3 of your charter your water works are required to be equipped with the proper means to cut off the supply of water to the standpipe, permitting the pumps to work direct into the pipe system, by which the pressure in the pipes may be raised to a greater degree than that afforded by the standpipe when full.
"My attention has been called to the fact by the National Board of Fire Underwriters that your system is not provided with proper means of cutting off the supply of water as required by your charter, that the proper means of doing so is an automatic hydraulic valve by which the water can be immediately cut off when needed.
"You are hereby directed and commanded to install without delay the proper means of cutting off the water from the standpipe and also the water tank, so that you shall be able to furnish the city with direct pressure whenever fire shall occur.
"Yours respectfully,
CHAS. H. BLISS, Mayor.

THE SCHOOLSHIP ST. MARYS ASHORE

By Associated Press.
Gibraltar, July 13.—It is rumored that the New York school ship, St. Marys is ashore at Spartel.
The St. Marys is a sailing vessel in the service of the New York board of education and carried about one hundred boys. The present cruise began in April and the vessel was to have been put out of commission on her return.

FINALS IN GOLF TOURNEY TODAY

By Associated Press.
Englewood, N. U., July 13.—Eben M. Byers, of Pittsburgh and George S. Lyon of the Lamden County Club, of Toronto, are the survivors out of a field of one hundred and thirty players in this year's national amateur golf championship tournament and will play the final round of thirty-six holes tomorrow.

BLOODY DUEL IN PARIS OVER DREYFUS

Enactment of Law Restoring Him to Army Led to Great Disorder.

FIGHT ON FLOOR OF CHAMBER OF DEPUTIES LEADS TO MEETING BETWEEN COMBATANTS—UNDER SECRETARY SARRAUT DANGEROUSLY WOUNDED.

By Associated Press.
Paris, July 13.—The scene of tumultuous disorder which marked the enactment today of a law restoring Alfred Dreyfus to the army was followed by a bloody duel tonight in which Under Secretary of State Sarraut was dangerously wounded by the sword of M. Pugliese-Conti.

The meeting followed a fight on the floor of the chamber of deputies in which Sarraut sprang at Pugliese-Conti who had been heaping denunciations on members of the government as scoundrels. A scene of wildest uproar ensued compelling suspension of the session.

The duel occurred after the close of the session. Sarraut has a deep wound in the breast penetrating his lungs but it is not necessarily fatal.

LOCAL ELKS AT CONVENTION IN DENVER

Many of Them Will Be Present When the Antlered Tribe Takes that City.

Several Pensacola Elks will be in attendance at the big Elks Convention, which convenes at Denver next week, and all of them are looking forward to a grand time when the Antlered tribe takes possession of that beautiful city.

It is hardly probable that either the delegate or the alternate from the local lodge will be present, but there will nevertheless be several representatives from Pensacola. Geo. W. Turton, who is the delegate, is undecided as to whether or not he can attend. He wishes to make the trip, but for business reasons may be compelled to remain at home. Max L. Bear, who is the alternate, is busy and cannot attend.

M. L. Roach will be one of the Pensacola representatives. He left Thursday night on the long trip, and after taking in the convention will visit other cities. Nick Smith and Jake Bear, who have been visiting various cities, left St. Louis recently for Denver and will be present, while Sidney Shulte and Rabbi Samuel Koch, both of whom are members of the local lodge, are already there, the former residing there, while Rabbi Koch is on a visit and will remain for the convention.

CORNELL COACH HAS RESIGNED

By Associated Press.
Ithica, N. Y., July 13.—Charles E. Courtney has tendered his resignation as coach of the Cornell University crew. He has held the position for twenty-five years and his present contract has three years more to run. He gives as a reason the continual annoyances to which he has been subjected by the Cornell management. He says Cornell is niggardly regarding its navy and discourteous to himself.

WALLS OF THE VATICAN ARE IN A DANGEROUS CONDITION

By Associated Press.
Rome, July 13.—It has long been known that parts of the vatican are unsafe, but it has just been discovered that the palace is practically falling to pieces. Even the corner where the

EMPEROR NICHOLAS SEEKING A PREMIER

High Office Declined by Shipoff, Who is a Member of the Minority Party.

Moderates Believe Government is Ready to Accept Inevitable.

OUTLOOK FOR THE PASSING OF SUMMER WITHOUT A GENERAL UPHEAVAL IN RUSSIA CONSIDERABLY BRIGHTER—GOVERNMENT HAS A CHANCE TO SECURE PEACE.

By Associated Press.
St. Petersburg, July 13.—It is learned from reliable sources that Emperor Nicholas has offered the premiership to Dmitri Shipoff, but that the latter refused the post on the ground that he was not a member of the majority party in parliament and the only cabinet possible at the present time is one composed of constitutional democrats.

The postponement of the visit of the British channel fleet to Cronstadt caused much hilarity among the moderates who look upon it as a sign that the government is at last ready to accept the inevitable.

OUTLOOK IN RUSSIA IS CONSIDERABLY BRIGHTER

St. Petersburg, July 13.—The outlook for the passing of summer without a general upheaval in Russia is considerably brighter and every delay increases the possibility of ultimate attainment of real constitutional government without open civil war. Unless the government makes some stupid blunder, which it was feared was imminent, the crisis will be postponed until fall. If the government should take advantage of the present lull to make terms with the moderates in parliament, there is still a chance for peaceful settlement, but prolongation of present tactics will only serve to alienate the moderate elements, solidify the opposition forces and make a conflict certain.

CASES AGAINST TAGGART ARE HEARD

By Associated Press.
Paoli, Ind., July 13.—Quo warranto proceedings brought by the state against the French Lick Springs and West Baden Hotel Companies for the appointment of temporary receivers were heard today before Judge Thomas Bushkirk. The French Lick case was first taken up and attorneys for the hotel filed a demurrer claiming that the state had no capacity to sue and that the complaint did not state facts sufficient to constitute a claim. By agreement the demurrer will apply to the suits against both hotel companies.

40,000 MEN WILL RETURN TO WORK

By Associated Press.
Harrisburg, Pa., July 13.—Forty thousand men in the collieries of central Pennsylvania, who have been idle since April because the operators refused to restore the scale of 1903, will resume work on practically last year's scale. This agreement was reached today at a conference of the operators and representatives of the miners.

INDICTMENTS FOR LAUNDRY TRUST

By Associated Press.
Cincinnati, July 13.—Thirty-nine laundry companies and proprietors were indicted by the grand jury today on the charge of maintaining a combination in restraint of trade. These include all the members of the laundry exchange, who are indicted on thirty-nine individual indictments.

Leg Cut Off At Florala

Special to The Journal.
Florala, Ala., July 13.—H. G. Neely, a brake man on the Opp branch of the L. & N., was run over by a tender this morning and his right foot cut off above the ankle. The engine had kicked a car on a switch and Neely was watching to see

DEATH OF JUDGE HALLMARK CAUSES PROFOUND REGRET

THE ALEXANDER FAILURE IN COURT

By Associated Press.
Augusta, Ga., July 13.—The only developments today in the disappearance of Thomas W. Alexander and the failure of the firm of Alexander & Alexander, was the filing of a petition in bankruptcy in the federal court by the Georgia Railroad Bank, National and Southern States Phosphate Company vs. Alexander and Alexander. The schedule shows claims as follows: Georgia Railroad Bank \$120,000; Southern States Phosphate Company \$11,000; National Bank \$7,500. Alexander's whereabouts is still a mystery.

CONVICTIONS IN THE CRIMINAL COURT

Several Pleas of Guilty and a Number of Jury Trials Yesterday.

Several cases were disposed of in the criminal court yesterday, Judge Beggs presiding.

The first case called was that of Will Fonde, who entered a plea of guilty to petit larceny. He was sentenced to pay a fine of \$5 and costs or serve 30 days in jail.

Lillian Gates, the negro woman who on the day previous was tried on the charge of second larceny, resulting in a mistrial, was again arraigned on the same charge, and was convicted. She was only released from jail during the early portion of the week where she had been serving a term for petit larceny, and had been at liberty only three days when she robbed a sailor.

Henry Davis pleaded guilty to the charge of petit larceny and was fined \$5 and costs or to serve 30 days in jail in default of payment.

Two or three other minor cases were heard and sentences passed during the day.

Recorder's Court.
An even dozen defendants were before Recorder Laney in the municipal court yesterday morning for trial, of which number three cases were continued and one defendant turned over to the county authorities. Fines imposed amounted to \$28.

THE JOHN WHITE TEAM DEFEATED INSURANCE MEN

On account of the inclement weather only a small crowd was present yesterday afternoon at Palmetto Beach to witness the game between the John White Store team and the Insurance Men. The game resulted in a victory for the former by a score of 14 to 2. The feature of the game was the battery work of A. Tourant and B. Griffin, of the John White store team. Tourant struck out twenty-one of the opposing batters, and allowed only three hits, which is somewhat of a record.

Contractor Will Begin Operations Whenever the Council Desires Him to Do So.

PRODIGIOUS TASK

Immense Amount of Labor Involved in Sanitary Work.

THE MAYOR FAVORS EARLY COMMENCEMENT IN UPPER PORTION OF CITY, BUT SOME ALDERMEN ARE OPPOSED TO DIGGING UP THE CITY DURING SUMMER.

The contracts between the City of Pensacola and R. C. Storrie of New Orleans, and T. Chalkley Hatton, of Washington, Del., were yesterday signed by Mayor Chas. H. Bliss. He affixed his signature yesterday morning, after consulting the afternoon previous with City Attorney Jones over the legal status. This was in regard to whether or not he should sign the contracts before the ordinance which is now pending directing him to do so, is passed and becomes effective. It was decided that it would be of little or no consequence so the mayor affixed his signature. The contract with Mr. Storrie calls for the construction of a complete storm and sanitary sewerage and drainage system, for which the city will pay over \$300,000, and which is a most prodigious undertaking, involving a large expenditure on the part of the contractor and much labor.

The contract with Mr. Hatton is to employ him as engineer-in-chief on all the improvement work that is to be done by the city, and he is to receive 5 per cent. of the total amount expended as remuneration for his services and the services of his assistants.

The improvement work can now commence whenever the council desires, but upon this point there is a diversity of opinion, as shown at the meeting of the council recently, when the matter was discussed for a few moments. The ordinance now pending and which will be placed upon its final reading at the next meeting, calls for commencement of the work on October 1.

Mayor Bliss favors earlier commencement, and said yesterday that valuable time would be lost by putting off the commencement of operations until the above date. He believes in commencement immediately, not in the down town district, or where there is a heavy soil, but in the northern or eastern portion of the city, where, he says, absolutely no harm can result from digging up the soil, as it consists of nothing but sand, and the work will not be detrimental to the health of the community. By the time this work is completed cold weather will be here and the work in the down town districts can commence. If the contractor desires to commence operations at this end he can do so, as the sewer pipes will have to run nearly a mile out into the bay and its laying is a big job, and he can wait this while waiting for the weather. The mayor argues that if the work is delayed until October just about half of it will be completed when the middle of next summer arrives, and the city will be dug up sure enough then.

Many of the aldermen are fearful that if the soil is disturbed at this time of the year it will cause sickness and breed disease, and are of the opinion that it will be much better to have the work commence later in order to be on the safe side. They take the view that by the time the contractor secures all his material and gets it on the ground October will be near at hand, and he can then commence work with no fear of causing any sickness. Jacksonville, New Orleans and Mobile, however, continue their sewerage and drainage work at all periods of the year, and the soil in those cities is continually being disturbed.

DeFUNIAK

Special to The Journal.
DeFuniak, July 13.—It is expected that Beach Rogers & Co. will begin building in a few days, and it will not be long before the planing mill will again be running. The saw mill was not damaged and is still working.

Mrs. B. deArrillaga is visiting her parents, Dr. and Mrs. Morris. Mrs. deArrillaga's home is in San Juan, Porto Rico, where her husband is a lawyer.

Howard Cawthon is in Pensacola for two or three weeks at the American National Bank, where he can learn something about banking on a larger scale than he can in DeFuniak. C. A. Landrum is attending school. Dr. and Mrs. Frank Cawthon have gone to Grayton beach for a few weeks.

There will be service in St. Agatha's church Sunday. Bishop Weed and Mr. Whitley, of Marianna, will be present. Mrs. Whitley and three children, of Marianna, are in DeFuniak for a month. They are staying at the Commercial hotel.
